

CV450H Horizontal Waste Compactor

CV450H Horizontal Waste Compactor

The CV450H Horizontal Baler has a throughput of 1 tonne per hour from a 7.5kw power pack, making it suitable for factories or small waste processing units.

It has a wide feed aperture for large bulk material up to 1400mm x 1050mm. The CV450H will produce mill sized bales of cardboard weighing 450-500kg. There are various options available to improve the specification.

Benefits

- Allows material to be easily cut after feeding
- Operator can continuously feed machine, saving on down time
- Operator is informed when the bale is ready to be tied
- Semi automatic operation
- Enables easier feeding of machine, saving on labour time
- Ensures long life of machine
- Allows machine to be installed indoors or outdoors
- Ensures high safety standards

Features

- IP55 rating
- CE Marked

- Robust construction
- Range of hoppers
- Magic eye start-up
- Simple operating controls
- Automatic cut out when bale is full
- Shear blade on top of press plate

Optional Extras

- Interlocked access door for hopper
- Aggressive ram head
- Retention claws
- Door damper ram (recommended with retention claws)
- Vandal proof cover for controlpanel
- Bale eject counter cog
- Extra pressure setting

Large feed opening

Simple operating controls

Technical Specification

Model	Motor	Weight	Bale Height	Hopper Options (wide)	Dimensions (H x W x L)
CV450H	7.5kW/87secs	5500kg	750 (mm)	Hand Fed: 1.4m Flared Hopper: 2.2m	1790 x 1600 x 5380 (mm)
