

# CV450HFE Horizontal Waste Compactor

# CV450HFE Horizontal Waste Compactor

The CV450HFE is a Full Bale Eject Horizontal Baler. It has the same press force, powerpack and extras options as the CV450H.

The full eject system can save time when processing material as it does not rely on the second batch of material to discharge the bale. This solution is suitable for applications where fast turnaround and more throughput is required.

#### Benefits

- Allows material to be easily cut after feeding
- Operator can continuously feed machine, saving on down time
- Operator is informed when the bale is ready to be tied
- Semi automatic operation
- Enables easier feeding of machine, saving on labour time
- Ensures long life of machine
- Allows machine to be installed indoors or outdoors
- Ensures high safety standards

#### Features

- IP55 rating
- CE Marked
- Standard hopper
- Robust construction
- Simple operating controls
- Magic eye start-up
- Automatic cut out when bale is full
- Shear blade on top of press plate

#### Optional Extras

- Jam beacon/ bale full beacon
- Vandal proof cover for control panel
- Aggressive ram head
- Retention claws
- Satellite control panel

Simple operating controls

High Dipensing Room

#### Technical Specification
