

CV600H Horizontal Waste Compactor

CV600H Horizontal Waste Compactor

The CV600H provides a throughput up to 2 tonne per hour, and is ideal for waste processors and factories.

It has a 50 tonne compaction force, a v-plate shear mechanism, magic eye start up, bale full indicator, and a 15KW motor running off a 3 phase power supply. The horizontal tie system makes the CV600H especially suitable for plastic bottles, hard plastic and aluminium cans in addition to more traditional materials.

Benefits

- Allows continuous material feeding
- Reduced cycle time
- Operator can continuously feed machine, saving on down time
- Operator is informed when the bale is ready to be tied
- Enables easier feeding of machine, saving on labour time
- Allows machine to be installed indoors or outdoors
- Semi automatic operation
- Ensures long life of machine
- Ensures high safety standards

Features

- IP55 rating
- CE Marked
- Range of hoppers
- Robust construction
- Simple operating controls
- Magic eye start-up
- Automatic cut out when bale is full
- Shear blade on top of press plate

Optional Extras

- 22kW motor
- Oil heater
- Oil cooler
- Bale eject counter cog
- Extra pressure setting

Second bale eject

Excellent shearing system

Technical Specification

Model	Motor	Weight	Bale Height	Hopper Options (wide)	Dimensions (H x W x L)
CV600H	15W/42secs	6000kg	1100 (mm)	Hand Fed: 1.3m Flared Hopper: 2.4m	2070 x 1430 x 5680 (mm)
