

Zip Hydro Tap Filtered Boiling and Chilled Water Tap

Zip Hydro Tap Filtered Boiling and Chilled Water Tap

Instant boiling water for tea, coffee and hot foods.
Undersink instant boiling and chilled filtered water from the same tap and can be installed on a worktop or at a sink.

Zip Hydro Tap Features

- Instant filtered chilled drinking water from the same tap
- Integral triple action sub-micron filter
- Safety lock - if needed - requires finger/thumb operation
- Optional font allows installation away from the sink
- Boiling and chiller system housed in base unit
- Integral 24 hour, seven day timer
- Inactivity sleep mode
- Power-Pulse energy-saving technology

Zip Hydro Tap Plus Features

- Provides greater volumes of boiling and chilled water
- Optional font allows installation away from sink
- Boiling and chiller system housed in base unit
- Freeflow feature ensures filtered water continues to flow, even after chilled capacity exceeded
- Capable of delivering a glass of water every 3 seconds
- Integral 24 hour, 7 day timer
- Inactivity sleep mode

Easy to use boiling or chilled tap

Safety lock provides user safety

Zip Hydro Tap	BC150/175	BC150/125	BC60/85
Power Rating (kW)	2.1	1.7	1.7
Maximum Chilled (Glasses/hr)	175	125	85
Maximum Boiling (Cups/hr)	150	100	60
Dimensions (W x D x H) mm	500 x 465 x 395	440 x 430 x 337	440 x 430 x 337

Zip Hydro Tap Plus	BC200/175+	BC160/125+
Power Rating (kW)	2.8	2.3
Maximum Chilled (Glasses/hr)	175+	125+
Maximum Boiling (Cups/hr)	200	160
Dimensions (W x D x H) mm	500 x 465 x 395	430 x 440 x 337

Energy Conservation

HydroTap features two energy saving modes

- **Integral 24 hour 7 day timer** enables the unit to switch off automatically during known periods of inactivity e.g. overnight or at weekends, returning to full functionality ahead of the next expected demand.
- **Inactivity Sleep Mode** enables the boiling water unit to power down automatically following a period of 2 or 4 hours non-use. This allows the water temperature to gradually reduce to 65 C, at which it is maintained. Upon further draw off boiling resumes
