

# J-Class Water Cooler

# J-Class Water Cooler

The compact solution that connects directly to your mains water supply, giving you all the chilled, hot, still and sparkling water you need.

Designed for use in offices, cafes, bars and small restaurants. With its attractive design, you'll be happy to locate it on your counter.

#### Performance

- Maximum hygiene and safety
- Adjustable carbonation level
- Filters can easily be attached to improve the taste and aroma of the water dispensed

#### Patented technology

- No taps to sanitize
- Covered dispensing point
- Entire water path protected and sealed

#### Electronics and maintenance

- Cooler fitted with an anti-bacterial UV-ray system (optional)
- The dispensing of hot water at 203°F is risk-free thanks to the cooler's industry-standard reservoir

J-Class					Lt/h	Continuous flow (l)
A	•	•			30	7
H	•	•	•		30	7
WG	•	•		•	30	7

Each version of the J-Class has been designed to cater to a specific set of criteria, including: performance, footprint and dimensions, available space and usage patterns.

J-Class	Pack dimensions (WxDxH) cm	Gross Weight	
		kg	lbs
