

Nives Water Cooler

Nives Water Cooler

Nives was specifically designed and created to provide simpler, more efficient and cheaper drinking water in the home. The compact, attractive product combines efficiency and style, and is suitable for use in any type of environment. It is available as a counter-top or under-counter model, in three different colours: white, metallic red and metallic black.

Nives Top Features

- Can be used on any worktop, or used with the specially coordinated cabinet
- Wide range, maximum versatility
- Cutting edge technology
- Customised filter eliminating unpleasant odours and tastes; removes chlorine, sediment and rust
- The safety valve prevents flooding caused by accidental faults inside the machine

Nives IN Features

- Nives In, ideal for anyone who has limited space, or who prefers worktops free
- All controls are on display, making it easier to select various functions
- A wide range of taps is available, so that you can choose the model best suited to you
- Customised filter eliminating unpleasant odours and tastes; removes chlorine, sediment and rust
